WASHINGTON C. H., OHIO, SATURDAY, JULY 12, 1919

Twelve Cents a Week

PRESIDENT WILSON VETOES TWO IMPORTANT MEASURES

SIX KILLED WHEN TRUCK HITS WAGON

Two Army Officers and Four Enlisted Men Meet Death at Alexandria, Va.

Twelve Soldiers Escape Fatal Crash with Slight Injuries.

Truck Leaps Bridge in Avoiding Patrol.

(By Associated Press.)

Alexandria, Va., July 12.—Two officers and four enlisted men were killed and twelve enlisted men were injured, none seriously, in an accident near here early today, in which an army motor truck plunged over the side of a bridge while turning to avoid a passing military police patrol wagon.

Eighteen men were returning in the truck to Camp Humphries, Va., from Washington.

It was believed that in turning the machine to avoid the patrol wagon, the driver lost control. The truck fell on the rocks below the bridge and the men were crushed under it.

SAYS PRESIDENT AND HITCHCOCK NOT ESTRANGED

Say Reports Are Without Any Foundation

The President to Confer With Hitchcock.

(By Associated Press)

Washington, July 12.—Published reports indicating that there had been a disagreement between President Wilson and Senator Hitchcock, who has been one of the leading spokesmen for the administration in the long Senate fight over the League of Nations was said by Secretary Tumulty today to be without the slightest foundation.

In a formal statement issued at the White House Mr. Tumulty declared the President deeply appreciated Senator Hitchcock's fine support as the ranking member of the committee on Foreign Relations and will, at the earliest moment "seek opportunity to confer with him on all phases of the peace treaty."

REBELS IN COSTA RICA BURN A NEWSPAPER BUILDING

Costa Rica rebels did considerable damage in the little republic's capital during their recent uprising. Much of their wrath was turned against the newspaper La Informacion, a government organ. The newspaper plant was burned and most of the machinery destroyed. The photo shows the fire in progress.

TURK RULERS DURING WAR ARE CONDEMNED TO DEATH

CONSTANTINOPLE, July 12.—(Associated Press)—Enver Pasha, Talaat Bey and Djemel Pasha, leaders of the Turkish government during the war, were condemned to death today by a Turkish court martial investigating the conduct of the Turkish government during the war period.

DAWES DECORATED

Paris, July 12.—(Associated Press)—Marshal Foch has conferred the French war cross on Brigadier General Charles G. Dawes, chief of the United States purchasing board in France. The cross was conferred because of the efficient work of General Dawes in the Service of Supply.

ARMY BALLOON FINISHES TRIP TO WASHINGTON

United States Dirigible A-4 Flies from Akron.

(By Associated Press)

Washington, July 12.—Completing a night flight from Akron, Ohio, the new army dirigible A-4 arrived in Washington at 9:45 o'clock this morning and left an hour and a half later for Langley Field, Hampton, Va.

Lieutenant G. W. McEntire is in command of the blimp, and he expects to reach Hampton late this afternoon.

The A-4 left Akron at 10 o'clock last night, and its average speed for the 275-mile trip was about 25 miles an hour.

7 FIREMEN ARE KILLED IN FLAMES

Fourteen Others Injured in Spectacular Fire in Philadelphia.

Roof and Walls Collapse Carrying Men to Death.

(By Associated Press)

Philadelphia, July 12.—Seven firemen are reported killed and at least 14 others injured in a blaze that destroyed the five-story warehouse of Jacob Potash and Bros., in the northeast section of the city this afternoon.

The victims were plunged into the flames when roof and walls collapsed without warning. About 25 firemen were carried down in the avalanche of debris. Three saved themselves by a spectacular slide down a tottering ladder.

REPRESENTS U. S. AT LABOR CONFERENCE

Ethelbert Stewart.

Ethelbert Stewart, director of investigations and inspections of the U. S. department of labor, has been appointed delegate to London at a conference to plan an international peace labor conference to be held in Washington.

PRICE OF HOGS NOW AT \$23.00

(By Associated Press) Chicago, July 12.—Hog prices have rounded out another even dollar addition for consumers.

The market today reached a top of \$23.00 per hundredweight. The highest price ever before known was \$22.95, a new record made yesterday. It is explained that packing house products are making their way into the interior of Europe, rendering necessary the replenishing of stocks by other countries.

Sundry Civil Bill and Agricultural Measure Vetoed Reasons Given

WANTS TO CONTINUE DAYLIGHT SAVING

Not Money Enough in Fund for Disabled Soldiers, He Insists.

Passing Over Veto Very Unlikely and Changes Necessary.

(By Associated Press.)

Washington, July 12.—Because of its provision repealing the "daylight saving" law, President Wilson today vetoed the agricultural bill.

He also vetoed the sundry civil bill, explaining that he did so "because of certain items of the bill which seem likely to me to be of the most serious consequences."

Both important supply bills, carrying millions of dollars urgently needed in government activities and already long delayed by failure in the last Congress, must now be repassed without the features to which the President objects, or repassed in present form over his veto by a two-thirds vote in both houses, which today seemed unlikely.

Regarding the agricultural bill the President in a communication to the House of Representatives stated that the daylight saving plan had been entered into only after careful consideration by competent men and that its economic benefits had been many.

He held that it had also served as a convenience to many communities and had "given all but universal satisfaction," and in the light of overwhelming testimony of its value "should not be repealed."

Limitations on amount of money to be spent in the government vocational training plan for disabled soldiers, sailors and marines were the President's reasons for failing to sign the sundry civil bill, according to his communication to the House. Six million dollars, the President states, is entirely inadequate to keep up the work.

WILL TAKE ACTION AGAINST BELA KUN HUNGARIAN LEADER

Allied Agents Decide Firm Measures Must be Taken Against Communists.

Necessary Powers to Proceed Sought from the Supreme War Council.

Combined Military Action Expected in the Very Near Future

BASLE, SWITZERLAND, July 12.—(Associated Press)—The representatives of the Allies in Vienna have decided that action must be taken against the proceedings of Bela Kun's communist government in Hungary, according to the Neues Tageblatt, of Vienna, as quoted in a dispatch from the Austrian capital.

A special courier has been sent to Paris to obtain the necessary powers from the Allied Supreme Council, the newspaper declares.

At yesterday's session of the Supreme Council in Paris, as reported in dispatches Friday night, the advisability of combined military action against Hungarian Communist forces which have been attacking Czechoslovakia and Austria was discussed with Marshal Foch and representatives of the Czech and Yugo Slavs.

Decision on the question, it was stated, would be deferred until the representatives of the governments mentioned made known to what extent they were ready to take part in military operations against the Bela Kun forces.

ITALY ASPIRES TO HOLDINGS IN THE FAR EAST

Asks Allies for Concessions in China.

Council of Five is Considering Request.

(By Associated Press)

Paris, July 12.—The Italian delegation has sent a note to the peace conference asking that Italy be given a concession at Tien Tsin, China, it became known today.

The Italian request was placed on the program for the afternoon meeting of the council of five.

Other matters which the council will consider include certain reports in connection with the question of trade with Bolshevik Russia.

BIG BLIMP NEAR THE IRISH COAST

(By Associated Press) London, July 12.—The British dirigible R-34, on her return flight from the United States, was approximately 350 miles west of the Irish coast at 11:00 a. m., Greenwich meridian time, today, according to a message received by the Wireless Press.

PERU REVOLT PUTS PARDO ON SHELF

Felipe Pardo (above) and Augusto B. Leguia.

Felipe Pardo was forcibly removed from the presidency of Peru last week when he was taken prisoner by two regiments of the military and a force of police. These forces then proclaimed former President Augusto B. Leguia president of the republic.

INJURED SOLDIER LEAVES HOSPITAL

Therman Boyssel, the convalescent soldier who recently fell over a wire and broke his right elbow, while on a furlough from the Walter Reed Hospital in Washington, D. C., at the home of his brother, Harvey Boyssel, near this city, is able to leave the Fayette Hospital and will return to Washington, D. C.

The broken elbow is the same one for which he has been taking treatment since last October when he was struck by a high explosive shell in France. The young man has been spending a furlough from the Reed Hospital at the home of his brother and while there he tripped over a wire and broke the elbow again and it is thought that the arm may have to be amputated. The sense of feeling has entirely left the fingers and it is thought that it will not yield to treatment after the second breaking of the elbow.

He leaves Monday for Washington to re-enter the Reed Hospital.

DIVORCE ACTIONS IN COMMON PLEAS

Two divorce actions in one day have been filed in the common pleas court by persons who have found the matrimonial seas too stormy.

The first action is that of Blanche Nance against William Nance, who asks divorce and restoration to her maiden name of Blanch Gilmore, the cause assigned being that a woman residing in Madison county is responsible for the marital disturbance.

The marriage of the couple occurred in this city, September 5, 1914, Rankin & Rankin for the plaintiff.

The second action is Emma Sanderson against Mose Sanderson, with Maddox & Maddox representing plaintiff. The marriage occurred in this city March 15, 1903 and three children were born to the couple.

GREENE COUNTY WHEAT HARD HIT

Farmers in Greene county are reporting that their wheat yields are falling below the estimates made earlier in the season. It is believed that the causes for this decrease in the average yield can be attributed to wheat scab, smut and the wheat fly, it is announced.

It is said that the wheat scab is causing more damage than any of the other two inasmuch as it is a disease that attacks both the wheat and the corn.

Reports from Clinton county are to the same effect, although the damage is said to be not so noticeable as that of Greene county where the farmers are said to have been harder hit by these pests than in any other county in the state.

Shop Tonight and Monday at Stutson's and take advantage of the many July Clearance Sale offerings.

LOCAL CITIZENS BUY LARGE FARM

Fayette County people, Ephraim Worthington, O. H. Robbins and E. A. Jamison of Washington C. H., have purchased the fine three hundred acre farm of Charles W. Scott on Fall Creek, paying over \$200 per acre. This is probably the highest price ever paid per acre for a farm in this county. At least it is the highest price for so large a tract of land. Both Mr. Scott and Mr. Teter will give possession of their farms to the new purchasers next March.—Hillsboro Dispatch.

Here is an opportunity that will enable you to plan economically your child's school clothes.</p> <p>All one-fourth off.</p>

The Frank L. Stutson Company

WALL THREATENED

It was discovered Thursday afternoon that the brick wall which formed the front of the Creamer Block over the Gregg Shoe store, now in the process of being dismantled, was leaning dangerously towards the street and was threatening to fall at any moment. The workmen hurriedly secured ropes and braces and the tottering wall was held safely in check until it could be removed.

It required only a short time to remove the wall after it had been braced.

JAP BANKS WILL ADVANCE LOANS TO THE CHINESE

Huge Syndicate Formed to Meet Financial Needs of China.

Allies Plan Loans of \$100,000,000 to Chinese.

(By Associated Press)
To kio, June 12.—(By Mail)—Eighteen principal Japanese banks have organized a financial syndicate for the purpose of advancing a loan to China as a member of the proposed new four power financial group. It is announced that the Yokohama Specie Bank will represent the banking syndicate in conducting negotiations.

ATTENTION FARMERS!

We Patch Grain Bags.
The Millers & Manufacturers Company. Both Phones.

with the financial syndicates of the three other powers, the United States, Great Britain and France.

This consortium of American, French, British and Japanese bankers was organized in Paris in May last at a meeting over which Thomas W. Lamont, of New York presided. Representatives of the so-called "Big Eight" investors in China comprising the firms of Mitsui, Mitsubishi, Okura, Kuhara, Furukawa, South Manchuria Railway, Sino-Japanese Trading Co., and the Eastern Asia Industrial companies, have submitted a joint statement to the Minister of Finance and the Minister for Foreign Affairs saying that objects of investments by the new syndicate should be limited to the construction of railroads, the opening of government highways, and works on rivers and canals. All other undertakings, they declare, should be left outside the sphere of the new syndicate.

It has been stated that the amount of the loan which banking groups of the United States, Great Britain, France and Japan are to make to the Chinese government probably will be about \$100,000,000, to be paid in four installments of \$25,000,000 each over a period of years. The proceeds of the loan it has been stated will be used for the building of railroads and for the general economic development of the country. Thirty-seven American banks will participate in the loan.

READY TO PUSH ORGANIZATION OF BOY SCOUTS

Many Boys Already Enrolled in Scout Troops With Many More To Come.

Parents Are Interested in Promoting Work.

Preparatory to the big drive for Boy Scouts in this city, a meeting was held at the Y. M. C. A. Friday evening and an organization was perfected consisting of a number of the boys who will be known as the "Y" Troop.

Many of the parents were present and voiced their approval of the movement.

The number of boys signed up for the troop is expected to be doubled by the end of next week and the organization will be the first to form a complete unit in the drive over the county.

Short talks were made to the boys by George Sheets and Henry Brownell. The purpose of the organization and the benefits derived from becoming a member were fully discussed.

It was decided that the organization will meet each Friday night, and that a definite program will be carried out at each meeting. As rapidly as the scouts are able to pass the required examinations they will be privileged to do so and rapid advancement will be provided.

It is announced that the results of the meeting were very satisfactory to those in charge and A. C. Kiester, who is heading the organization, is especially well pleased with the prospect for the troops.

No One Quality Predominates in the New Hudson Super-Six

Its Four Years' Development Results in a Rounded Perfection That 60,000 Owners of Earlier Models Had Predicted

The names of certain automobiles call to mind definite characteristics of those cars.

Four years ago, when the Super-Six was introduced, Hudson meant a motor with 72 per cent greater power without added size or weight.

In another year its emblem, the White Triangle, marked the winning cars in most of the leading speedway, road racing and mountain climbing contests.

Then the name Hudson became a synonym for endurance. It meant longer and harder automobile service.

The growing number of Hudsons later gave it another distinction. The beauty of its various types was recognized everywhere. It became a familiar object on every highway.

Then Still Another Distinction.

In each of these distinctions for which the name Hudson became symbolic, no forfeiture was made of earlier advantages. Each advance became an additional merit.

The new Hudson Super-Six encompasses all the wanted qualities. It is a powerful car, but every item of its construction measures up to the standard of its motor.

It is a fast car, but its endurance is equal to any task imposed. It is a beautiful car and every detail in finish and convenience matches its outward appearance.

We are opening our new sales room on East Market Street and will endeavor to have on hand a full line of Hudson, Essex and Cole Cars at all times for demonstration and sale

The New Hudson-Super Six is one of the handsomest, sturdiest and most powerful cars now being offered. It is a car you will never be ashamed of.

FARM NOTES

Receiving Applications For Extension Schools.

Schedules for local extension schools in agriculture and home economics to be held next winter are being made by the College of Agriculture. Courses will be offered in soils, crops, dairying, stock raising, poultry husbandry, horticulture, rural engineering, and home economics. The courses in soils, crops, and home economics will be required. The other courses may be elected.

While the services of the college specialists are to be had without cost for these schools, local people are required to provide adequate meeting places — one for the women's section and one for the men's work. The room for the women's work must accommodate stoves, tables, and other equipment needed for demonstrations. Facilities for stock judging must be provided if such work is desired. Local people are also required to provide all material used in demonstrations, local transportation of speakers and equipment, and to provide for printing and advertising. Last year these expenses ranged from \$13.35 to \$111.50 (the latter sum including several prizes for a display of farm products) with an average expense of \$45.44.

Applications for these schools are received through the county agricultural agents.

Ohio Has Tenth of Total Farm Bureau Membership.

Ohio farm bureau members make up over one-tenth of the total membership in the 33 northern and western states where such organizations exist. Ohio has 50,000 farm bureau members, and according to a recent

survey there are 410,000 in the 33 states mentioned. In commenting on the national membership, W. A. Lloyd, in charge of county agent work for the north and west for the United States Department of Agriculture, says, "This indicates nearly a 30 per cent increase since December, 1918. According to the 1910 census there were 3,262,955 farms in the northern and western states. With one-third of the farms represented in the farm bureaus, they could be truly said to be representative. Let's make it a million for 1920."

An Amazing Report

The declarations of the Federal Trade Commission in its report to President Wilson, made public Friday, in which the charge is made that the five great packers of meat are aiming at domination of the world's food supplies, is a bugle call to action to which the federal government should respond at once.

Delay in so great an emergency by the authorities would be inexcusable. The charge is openly and officially made that the five great meat packing concerns in the "extent and growth of power" are approaching a complete mastery of the food products in the United States; that they already, separately or jointly, wield controlling interests in 574 companies, minority interests in 95 others and undetermined interests in 93 others—a total of 762, and that they produce or deal in some 775 commodities, mostly foodstuffs.

That sort of a report cannot be pigeon holed without bringing on a calamity. The five packers are guilty or they are innocent. If the former the combination should be broken to bits and the guilty individuals shorn of wealth and power, made to suffer the full penalty for their wrong doings.

For nearly two years now this controversy has been going on between government officials and packers, sensational charges have been made by the government and explained, denied or excused by the packers.

The great government of the United States is certainly not powerless to clear the packers of the ugly charges or to prosecute them if guilty. The people will not rest contentedly in the shadow of the suspicions which have come from these reports. Prompt action is demanded. There must be no politics or evasion of such a crisis as is precipitated by the report.

The American people, though prosperous and able and willing to pay, have not taken kindly to this continuous rise in the prices of foodstuffs.

Certainly when there is enough to justify the filing of such an amazing document as the trade commission report there is enough to call every ounce of power of the government into action.

The people demand an end to this controversy at once. It's too important to trifle with.

A Progressive Council

The best evidence of a progressive community (and communities must be progressive now or be passed by) is the work of its officials. Individuals can't even get a good start unless the officials keep step with them.

Council has given abundant proof that it realizes the necessity and has courage and judgment to act promptly and correctly. The splendid work of the city's legislative body at the Monday and Thursday night sessions can't be overestimated.

The action of council heartens up every individual in the community and gives to strangers the right impression—the proof that this is a real progressive city.

Council's action has set the wheels turning and turning in the right direction. It means not only a needed improvement which will be a pleasure to us all, but it means, more industries, more business, growth and prosperity. People will like to come to a city like this to live and to do business.

Holland's Attitude

Quite naturally the announced intention of the allied nations to demand, either directly or through Germany, under the terms of the treaty, the surrender of the former emperor of Germany—now William Hohenzollern—in order that he may be brought to trial for his crimes against humanity, is causing some speculation as to just what Holland will do.

Holland's ruling classes, it seems warranted to conclude, were pro-German during the war. The people were so interested in profitable marketing with the Germans and in securing their own necessities that, if they held pro-Ally sentiments they gave no expression to them.

At any rate Holland, excusably perhaps, managed to edge through the war as a neutral. Request after request of the allies was refused during the war by Holland and excused on account of the geographical location of the country.

It seems safe to assert though that Holland will not decline a request of the allies for the surrender of the former Kaiser. The allied would not, likely, declare war on Holland, but the placing of a trade boycott and the moral stain on Holland as an asylum for criminals would be more than even Holland could endure for the sake of holding an undesirable resident.

Yes, if the allies ask it Holland will surrender William Hohenzollern.

POETRY FOR TODAY

"THOU OF VAST DESIGNS!"

"Thou of the vast designs," whose laws remove
Themselves and Thee from mortal finding just
When mortal reason seems about to prove
Itself Thy equal, though evolved from dust!

Thou, maker of design and stuff, be more!
Be flaming Will to blend our souls with Thine.
Increase, by this Thy triumph-heavy score—
Bld fragile clay reveal the Man Divine.

Dust of the earth, shot through with mystic gleams;
Brief whiles aglow with inklings of the god;
Mind, and a soul, alight with star-fled dreams;
Thy hope fulfilled—man sprung from out the clod!

Oh, but more hotly burn! Wear down the frame
Of ignorant conceit that checks our fires.
Thou flame of heaven, rest not till answering flame
Leaps upward evermore, nor ever tires;

Nor ever sinks and dies, as here, oppressed
By noxious airs that damp the aspiring spark;
Enamored still of the celestial quest—
To lessen, life by life, the encroaching dark.

Light inexhaustible, Thy urgent will
Alone initiates what good we know
Compel our faith by patient power and skill;
The darkness baffles, but Thy circles grow!

HOW UNCLE SI SLICKER GOT RID OF THE PESKY THISTLES IN HIS PASTURE LOT

CHILEAN SHOWS HIS FRIENDSHIP

Rome, May 30.—(Correspondence of the Associated Press).—Testifying to the esteem of Chile for the United States, the Chilean ambassador to Italy, Signor Enrique Villegas, remained in the United States embassy during the Flume demonstrations here in order to assure Thomas Nelson Page, the American ambassador, that Chile wanted to show her staunch loyalty to America.

MEDICINE CHEST FOR ONLY 30 CENTS

With it You Can Instantly Relieve Pain Caused by Burns, Scalds, Cuts and Bruises.

A jar of San Cura Ointment costs but 30 cents and if it doesn't do everything this newspaper article says it will do Blackmer & Tanquary will give you your money back.

It relieves bleeding, itching and protruding piles, it helps chronic, running and fever sores, no matter how stubborn or hopeless. It is an antiseptic ointment that begins to heal the minute it is applied.

It's one of the finest remedies ever compounded for boils, carbuncles, ulcers, eczema, tetter, chilblains, chapped hands or face. Price only 30 and 60 cents a jar. For the baby, for rough, tender skin and to quickly acquire a fine complexion, use San Cura Soap (25 cents.) Thompson Medical Co., Titusville, Pa. Advt.

The American embassy had been guarded during the demonstrations by 500 Italian troops so that access to the building was extremely difficult. Signor Villegas succeeded in gaining admission past the military guard and assured the American ambassador of his country's and his personal friendship for America.

Next day, the Cuban minister, Signor Antonio Martin Rivero, called at the embassy to pay his respects and to state that he had been prevented from visiting the American ambassador while the demonstrations were in progress.

STRANGE BANNER IS HANDED DOWN

Archangel, June 2.—(Correspondence of The Associated Press).—One of the strangest flags ever designed was adopted a while ago by a regiment of Karelian Finns serving with the Allied forces on the Murman railway line near Kem, Russian Lapland.

The flag, designed, it is said, by request of the Karelians, who have ambitions to form an independent state, included the national color of the Karelians, a bright orange and their national flower, the Karelian clover.

The result was a startling resemblance to green shamrocks upon an orange background. The Russian government caused the flag to be hauled down as it did not, at the time, approve Karelian independence.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

In the chain of Suffrage Teas none have been of greater interest and pleasure than the one entertained by Mrs. William McClain Friday afternoon.

Two score or more women found the home very inviting with big bowls of hydrangeas and poppies and social features happily combined with the special purpose for which the teas are given.

Mrs. James Ford, Vice President of the local Suffrage Association, gracefully presented the speakers of the afternoon, prefacing with brief and admirably chosen words of explanation.

Miss Amy Conn, in an able short talk, impressed the importance of women taking up community work and making a wise use of the ballot, at this time when new laws enacted are many of them concerning children and the home women may doubly appreciate the opportunity to go to the polls and cast their vote for the protection of home and children.

Mrs. G. B. Franklin followed Miss Conn and it was with intense regret that the listening women realized that they were probably hearing her for the last time, as she leaves early next week to take up her new work as Dean of Evansville University. Mrs. Franklin always holds her audience in the closest attention even when she presents statistics and dry facts. The chief interest of her talk at the tea centered in her explanation of the new Public Health ruling law No. 211 recently passed by the General Assembly.

Mrs. Franklin stated that through the passage of this law every county would have a Health Commissioner and Board of Health, consisting of five people. The Commissioner is to be paid a good salary and give full time to the work; must have an office opened as health headquarters at all times, a clerk and a public health nurse.

The movement is to be launched by the Mayor of each city and the chairman of the township trustees, all of whom form an advisory council. This council selects the members of the Health Board, who select the Commissioner. The office of the Commissioner holds under the Civil Service.

The enactment of this new health law has been one of the most actively discussed measures of the last Legislative session.

After the talks the hostess served a dainty collation, assisted by her daughter, Miss Eleanor, and Miss Mary Persinger.

Mrs. Sarah Larrimer has received a letter from her grandson, Sergt. Walter Larrimer, announcing his marriage to Mrs. Helen Nester, of Louisville, Ky., on last Saturday, July the twelfth.

Relatives and many friends of the sterling young soldier in this city will share in the interest of the announcement and extend heartsome good wishes.

Sergt. Larrimer is in the regular

army, stationed at Camp Taylor with the 2nd Field Artillery Band, and the plans of young couple are quite unsettled.

Sergt. Larrimer saw service in the Philippines for several years before the World War. About a month ago he visited his grand mother, sisters and brother in this city, bringing with him his fiancée, Mrs. Nester, and her little son, Clinton.

A charming affair of Friday evening was a miscellaneous shower given by Mrs. Thurman Truitt (nee Stella Ford), of Columbus and Miss Ruth Edwards at the Ford home on Columbus avenue for Mrs. Simeon Thiel (nee Bernice Ford) who is now making arrangements to go to house-keeping in her new home in Akron.

Twenty-five young matrons and girls showered the young bride of June with lovely gifts of silverware, cut glass, linen and bric-a-brac and there was much merriment in bringing her, blindfolded to open the gifts as they were piled on a large table.

Sweet peas were prettily used in decoration and a delicious luncheon served. Mrs. Owen Ford assisted in the hospitalities.

Mrs. James Foster, of Chillicothe, was an out of town guest.

Helen Rodecker gave a jolly little theatre party at the Colonial theatre to see Tom Moore in "Just For Tonight," Friday afternoon, in honor of her cousin, Martha Moore, of Xenia. After the matinee the hostess took her guests to Jimmy Miller's Ice Cream parlor for refreshments and a half hour of visiting.

In the party were: Helen Sunkle, Genevieve Price, Charlotte Hazard, Jean Worthington, Mamie Pensyl, Dorothy Donahoe, Louise Fenner, Judith Ann Mitchner, Janet Whelpley, Georgia Harper and Anna Lee Taylor.

Mr. H. R. Rodecker with eighteen boys of his Sunday School Class of Grace Methodist Church enjoyed a delightful picnic at Paint Chapel, this week.

The party went out in one of the Brownell trucks and took with them a delicious picnic supper.

Friends and neighbors to the number of twenty-five gathered at the home of Mr. and Mrs. Carl Clutter on grand avenue Friday evening and tendered them an enjoyable surprise prior to their leaving for a visit in Cleveland Saturday morning.

The sponsors of the surprise served delicious refreshments.

Dr. and Mrs. G. S. Hodson, Mr. and Mrs. David Sanders, of Leesburg, Mr. and Mrs. Glenn H. Woodmansee, little daughter, Roma Angeline, and Homer Griffith returned Friday night from Orchard Island, where they took a cottage for the past week. Dr. and Mrs. Hodson joined the rest of the party after three weeks stay in the East, accompanied by Miss Pearl Minton, head nurse at the Hodson Hospital, and Miss Edna Seimon, of the same hospital staff of nurses. Dr. Hodson going on to attend the American Institute of Homeopathy at Asbury Park, N. J., and later taking hospital work in New York, in which the nurses were also engaged. En route home they visited Washington City.

Mrs. Mary Bush and daughter, Mrs. Anna B. Coffman, returned Friday evening from a week's stay in Columbus, attending the Centenary.

Miss Bess Shoop and Miss Lou Dunlap are home from Columbus after a week's stay at the Centenary.

Miss Lillian Davis went to Columbus Saturday morning to spend the week end with Miss Evelyn Ross.

Mr. Fred West left Friday morning on a motoring trip to Saskatchewan. He will be joined at Rockford, Ill. by Mrs. W. B. Gage's brother, Mr. Allen Pearson, and Mr. Martin Wahl, who will accompany him on north to visit his farm, and for a keek's fishing trip at Jack Lake, one of the famous fishing lakes of Northern Canada.

Rev. and Mrs. Harry Lewis daughter Louise, sons Fletcher and William who were guests of Mrs. A. R. Creamer for a few days, enroute from the Centenary, left Saturday morning for their home in Kewanee, Ill.

Mr. T. H. Craig and son Winchel were in Columbus Friday night and Saturday, attending the Centenary, and to see the pageant.

Mr. Asa Patterson, who motored from Atlanta, Ga., to Michigan for an outing on the Lakes, arrived here Friday afternoon to visit friends, enroute to his home in the South.

Mrs. James Foster who has been visiting her mother, Mrs. Tabitha Alkire on Broadway, this week, and remained over for the shower given for Mrs. Simeon Thiel, Friday night, returned to her home in Chillicothe, Saturday afternoon.

Mrs. Sarah Hixon left Saturday morning to visit friends and relatives in Athens and Trumble, Ohio.

Mr. Willis H. Cawley leaves for New York City Sunday, to join Mr. Jess W. Smith to purchase fall merchandise for Smith's Department store.

Miss Mabel Houpe, of Ypsilanti, Mich., who has been visiting friends in Wilmington arrived Saturday evening to be the guest of Mr. and Mrs. Fred M. Mark.

Mr. and Mrs. Carl Clutter left Saturday morning for a two weeks' visit in Cleveland Gallion and Manfield.

Miss Marie Cook, accompanied Miss Lois Crabb to her home near New Holland to spend the week end.

Mr. and Mrs. D. S. Craig were visitors in Columbus Friday to attend the Centenary and pageant.

Miss Lola Timmons, who recently returned from over seas as a Red Cross Nurse, came over from New Holland Saturday afternoon to be the guest of Mrs. Rush Hays over the week end.

Miss Hazel Pommert came up from New Petersburg, Thursday to visit her cousin, Mrs. Cora Mershon.

Mr. and Mrs. Harry Mead, Mrs. G. W. Wood, Mrs. Will Fisher and Mrs. Merick were motoring guests from Wilmington here, Friday.

Mr. and Mrs. F. M. Fullerton, Mrs. Joseph H. Harper, Mrs. J. T. Tuttle and Ada Woodward were visitors at the Centenary Saturday.

Mrs. J. E. Masly and son Herbert, who have been in Kenton attending the funeral of Mrs. Maude Tulley, returned Saturday to their home on Forest street.

Mr. and Mrs. R. C. Peddicord spent the past two days in Columbus attending the Centenary. Mrs. Josephine Kerr motored with them to West Jefferson to visit her son, Dr. George Kerr, and family, for the week end.

Mrs. Forest Tipton and daughter Jean returned Saturday from Kenton where they attended the funeral of a cousin, Mrs. Maude Tulley, of Toledo. Coming home with Mrs. Tipton was her mother, Mrs. Rosa Magly, who has been visiting relatives in Kenton, and also Mrs. Joseph Rish, of Kenton, who will spend several weeks here.

Mr. and Mrs. C. J. Baughn and daughter, Millicent, of South Charleston, are the week-end guests of Mrs. G. W. Baker and daughter, Miss Charlotte.

Misses Adeline and Medrith Matheny returned Saturday to their home in Mt. Sterling after a week's visit with Miss Olive Hillery.

Mrs. Mark Slaughter has returned from a week's visit in Leesburg.

Miss Doris McFadden went to Cincinnati Saturday afternoon to be the guest of Mr. L. J. Marshall and family at Walnut Hills over Sunday, and to attend a dinner party, Saturday evening, given by a fraternity brother of Mr. Robert McFadden, Mr. Don Wiley, in honor of his D. K. E. fraternity brothers in Cincinnati.

Mr. and Mrs. F. M. McCoy and Mrs. V. J. Hoppess motored to Dayton, Friday, and spent the day with Mr. Clay Johnson and family, and attended the airplane demonstration at the McCook Field.

Mr. F. M. Mark was a business visitor in Columbus, Friday.

Mrs. Hannah Creamer, Mrs. Howard Allen, Mrs. Ruth McMillers and Miss Elizabeth Johnson motored to Columbus Saturday to attend the Centenary.

Mr. Will E. Dale is home from a two weeks' business trip to Grand Rapids and Chicago where he was buying furniture for his store.

Miss Doris Willis is in Portsmouth, Ohio, the guest of a Fairmont Seminary friend.

Mr. and Mrs. Homer Raley (nee Mary Boylan) are receiving congratulations upon the birth of a daughter, named Rebekah Jane, at the Fayette Hospital Thursday.

Mrs. Rose Hughey, of Bainbridge, is the guest of Dr. and Mrs. R. M. Hughey.

Mrs. Frank Michael and daughter, Jean, are visiting Mrs. Michael's sister, Mrs. Matt McDonald, near Milledgeville.

Mrs. Ella Blessing has returned from a two weeks' stay at the Centenary, bringing home with her for a visit her grandson, Homer Davidson.

Sheriff and Mrs. N. B. Hall were called Saturday to the home of Mrs. Hall's father, Mr. T. C. Mallow, on the Plymouth pike, who is dangerously ill.

TRAIN RIDERS ARE PUT TO WORK

Four train riders, Leonard Russell and Frank Dore of Baltimore, Md., John Crantel, Chattanooga, and Harry Robinson of Cincinnati, were picked off a freight by B. and O. Detective Lieurance Saturday, and faced Judge Allen in Probate Court.

The men were put to work clearing up the city streets. They probably will be used several days before they will be allowed to leave the city.

WILL CONSTRUCT HUGE HANGARS FOR DIRIGIBLES

(By Associated Press.)

Washington, July 12.—Acting under specific authority granted in the new naval appropriation bill, the Navy Department soon will start construction on two of the largest dirigible hangars in the world. Rear Admirals Taylor and Parks, heads of the Bureaus of Construction and Repairs and Yards and Docks respectively, today had instruction to speed up the preparation of the working plans, as an expenditure of about \$3,500,000 for two hangars to house flying machines of the Zeppelin type has been authorized. They will be located on the seaboard, probably in New Jersey, and possibly on the same site.

Ground area necessary for the construction of a double hangar will be about one square mile. Each hangar will be about 800 feet long, 250 feet wide and from 150 to 200 ft. high. It is probable that all steel construction will be used and officials estimate that from six to eight months will be needed for their erection.

Provision for the purchase abroad of a Zeppelin type airship at a cost not to exceed \$2,500,000 is made in the naval bill, and the construction in this country of a similar machine at a cost of \$1,500,000. It is probable that the machine purchased abroad will be of the British R-34 model although larger. It probably will be flown to this country by an American crew, the only other alternative being to attempt to tow it by cables made fast to a ship. Negotiations looking to the purchase have already been entered into with foreign nations.

After experiments with the foreign craft the construction of an improved American built machine will be started.

Secretary Daniels said tonight that he had no further statement to make regarding the rumored trans-Pacific flight. Naval officers believe, however, that such a flight will be attempted shortly after the navy comes into possession of its first cruising dirigible.

YIELD IS LARGE AND QUALITY FINE

The best of the early wheat yields which has been learned of in the New Holland vicinity is an average of 25 bushels, fine quality, on 81 acres threshed on one of Virgil Bryan's farms on the White pike.

It will be several days before the threshing on the Bryan farms is finished.

HOGS PURCHASED FOR SERUM USE

Announcement is made that the Hogier hogs, reported sold at \$23 per hundredweight, and pronounced the highest price at which Fayette hogs were ever sold for market, were not sold on the ordinary market, but purchased by serum manufacturers of Indianapolis, at a price in advance of what ordinarily would be paid for hogs for butchering.

HOUSE DEBATES

LIQUOR SUBJECT

(By Associated Press)

Washington, July 11.—In the course of a five hour debate in the House today on the prohibition bill, the liquor traffic was likened to a convicted criminal appealing for a reprieve.

Not all of the twelve hours set aside for general debate had been used at the close of an all-day discussion, which ranged from a technical argument on constitutional questions to a straight stump speech for prohibition and its enforcement.

The journey was made partly by train and partly by automobile. At Ardeal, which is the first town in Transylvania beyond the Rumanian border, Dr. M. Brailescu, representing the local government, declared to King Ferdinand that the Rumanian people had long waited for the moment when their sovereign would cross the threshold of Transylvania and redeem the country from bondage of the Austro-Hungarians. He assured the King that the people of Transylvania were as one in their devotion and loyalty to him and that they all hailed the day of their liberation from the foreign oppressor and their unity with their brother Rumanians.

In reply, the King expressed his warm thanks and said he would have for the inhabitants of Transylvania the same affection and attachment he had for all people of Rumania and that he knew he could count with confidence upon their support in carrying out the purposes and plans of Greater Rumania.

FOCH BEFORE THE SUPREME COUNCIL
(By Associated Press)

Paris, July 11.—Marshal Foch and representatives of Czechoslovakia and Yugoslavia were before the Supreme Council of the Peace Conference today for a discussion of the movement of the partisans of Bela Kun, Hungarian Communist Foreign Minister, against Czechoslovakia and Austria and the advisability of combined military action against them.

WILL TURN OFF GAS.
Alliance, July 12.—President M. B. Daley of the East Ohio Gas Company today informed the chamber of commerce that the company has no gas to sell the city at any price following notice that the supply would be shut off Nov. 1. Diminishing of supply is given as the cause. About 6500 homes will be affected.

Most heroes out live their greatness.

There is far more pleasure to be derived from the pursuit of happiness than there is in catching it.

READ EXPECTS TO TAKE FAMILY ON NEXT TRIP

Daring Airmen Says that Flights Across The Atlantic Are Practical.

Will Soon Make Another Trip.

(By Associated Press)

Columbus, O., July 12.—"Yes sir; I expect to fly across the Atlantic again," said Lieutenant Commander Read, Commander of the N. C. 4, the first airplane to cross the Atlantic, who speaks at the M. E. Centenary this afternoon.

"And the next time I go I am going to take my family on a pleasure trip," he said.

"Absolutely yes," was the answer Commander Read gave to a query as to whether he thought trans-Atlantic flying would ever reach a point where it could be used for commercial purposes.

PLANES CRASH
AIRMEN KILLED

(By Associated Press)

Washington, July 12.—Republican leaders in the house have agreed on an investigation of the operations and expenses of the shipping board and emergency fleet corporation.

It was said that Representative Walsh, of Massachusetts, was to introduce a resolution later today calling for appointment of a special committee of six members to conduct the inquiry.

DE BILLY DIES
SAYS MESSAGE

(By Associated Press)

New York, July 12.—The sudden death in Paris of Edouard DeBilly, formerly deputy high commissioner of France in the United States, was announced in a cable message received here today from Andre Tardieu.

RUMANIA AGAIN
IN TRANSYLVANIA
AFTER 400 YEARS

Predeal, Rumania, June 2.—(Correspondence of the Associated Press, by Mail)—King Ferdinand and Queen Marie received an ovation and were showered with flowers at every railway station in Transylvania when a few days ago they made their formal entry into that country as sovereigns. For nearly four hundred years Transylvania has been under the foreign yoke, yet everywhere the Rumanian sovereigns were received with acclaim and hailed with joy. The day was made a national holiday.

In every city and town through which the royal party passed were such signs as "Long Live Your Majesty, Emperor of all Rumania," "Long Live the Royal Family," and "Long Live our Sovereigns."

The journey was made partly by train and partly by automobile. At Ardeal, which is the first town in Transylvania beyond the Rumanian border, Dr. M. Brailescu, representing the local government, declared to King Ferdinand that the Rumanian people had long waited for the moment when their sovereign would cross the threshold of Transylvania and redeem the country from bondage of the Austro-Hungarians. He assured the King that the people of Transylvania were as one in their devotion and loyalty to him and that they all hailed the day of their liberation from the foreign oppressor and their unity with their brother Rumanians.

In reply, the King expressed his warm thanks and said he would have for the inhabitants of Transylvania the same affection and attachment he had for all people of Rumania and that he knew he could count with confidence upon their support in carrying out the purposes and plans of Greater Rumania.

IRISH AIRMAN FALLS TO DEATH
(By Associated Press)

Dayton, O., July 11.—Lieutenant Frand S. Caldwell, aged 28, of Belfast Ireland, member of the British Loyal Air Forces, was killed this afternoon at McCook Field in a 700 foot fall from an airplane.

Lieutenant Caldwell, who came here with Major T. Orde Lees and Miss Sylvia Boyden to make a series of tests of parachutes used in connection with airplanes, during the afternoon made several successful descents.

In his final flight, the ropes attached to his body harness snapped under his weight before envelope could open.

He was an aviator of considerable renown having spent four and one half years on the front in France.

ANOTHER PROBE DECIDED UPON
(By Associated Press)

Washington, July 12.—Republican leaders in the house have agreed on an investigation of the operations and expenses of the shipping board and emergency fleet corporation.

It was said that Representative Walsh, of Massachusetts, was to introduce a resolution later today calling for appointment of a special committee of six members to conduct the inquiry.

BLOCKADE RAISED
(By Associated Press)

Paris, July 11.—The Council of Five has decided to raise the blockade against Germany tomorrow, it was announced tonight.

(By Associated Press)

Washington July 11.—Steamship lines to Hamburg and Bremen, Germany, will be established as soon as cargoes are available at American ports, the Shipping Board announces.

The lines will operate from Boston, New York, Baltimore and Philadelphia, one vessel to be allocated to the lines between Philadelphia and Hamburg at once.

For the shipment of cotton, lines also will be started from southern ports to Hamburg and Bremen.

(By Associated Press)

American firm doing business with Germany must send their agents into that country without passports, however, as these cannot be issued until the proclamation of peace. It also was said at the State Department that there was no certainty when American counsuls would be sent to Germany.

Germany was said to be in immediate and pressing need of raw materials of almost all kinds, particularly cotton and copper, in order to rehabilitate her industries. Large amounts of food have been sent into that country under direction of the Inter-Allied Relief Commission, but it is believed that the demand for grain and other cereals will be great. Clothing of all kinds also is needed.

Payment of the goods which this country sends to Germany must be made under a system of credits to be arranged later through private capital, officials said. Details as to this system have not been worked out.

While Germany has large quantities of goods ready to be exported, officials doubt that there would be a great demand from them in this country and consequently the trade balance in favor of the United States is expected to be large.

KILLED SELF
London, July 12.—Mrs. Arthur Eliot who was found shot to death in her home on Wednesday last, committed suicide while of unsound mind. This verdict was reached Friday at the coroner's inquest into her death.

RESALE PRICE GETS AN AIRING BY COMMISSION

Recommendations Are Made In Report

(By Associated Press)

Washington, July 12.—Renewed recommendations that manufacturers be permitted by law to fix and maintain resale prices subject to review by a disinterested agency was made by the Federal Trade Commission today in a special report to Congress.

Existing laws which have been interpreted by the supreme court in the case against Colgate & Co., and other test cases to prevent fixing of resale prices should be amended, the commission believed, with a view to removing the present complexity in the business world to promote the efficiency of manufacturing and commercial institutions and serving the interest of the public.

COUNSEL FOR BREWERS KICKS ON DRY PLANS

Insists Congress Cannot Act Legally

(By Associated Press)

Washington, July 12.—Pending legislation for enforcement of war-time prohibition is in reality a new and drastic prohibition measure, Samuel Undermyer, counsel for brewing interests, declared today before the Senate Judiciary sub-committee. Not only would it be difficult for anyone to justify passage of any legislation under the pretext of war necessity, the witness said, but Congress lacked legal power to amend the war-time measure itself under guise of an enforcement act.

R-34 MAY LAND SUNDAY NOON
(By Associated Press)

London, July 12.—Because of adverse weather conditions in Scotland the Dirigible R-34 off the coast of Ireland today has been advised by the air minister to land at Pulham, Norfolk. The ship is expected there before noon Sunday.

WILL ENDEAVOR TO PASS BILL
(By Associated Press)

Washington, July 12.—Republican leader Mondell said that either he or Chairman Haugen of the Agricultural Committee would move to pass the agricultural bill over the president's veto.

House leaders expected a vote would follow after brief debate.

GERMANY MAY SEND HARDEN.
Copenhagen, July 12.—Maximilian Harden, editor of Die Zukunft of Berlin will probably be appointed German ambassador at Washington as soon as diplomatic relations are restored, says the Fremdenblatt, of Hamburg.

NONUNION EMPLOYEES STRIKE.
Chicago, July 12.—Seven thousand nonunion employees of the Crane Company, including 1000 women, went on strike Friday. They demand the right to organize, the union scale of wages and a 44-hour week. Work in nearly every department of the plant was at a standstill as a result. The company has maintained a co-operative profit-sharing plan for employees for many years.

These golden brown biscuit—you know the kind—flaky, golden, feathery—and so piping hot that the butter melts deliciously into the crisp halves—I made with Every Day Milk.

You can make yours like these, too, if you have learned this new and better way of cooking with Every Day Milk. It is twice as rich as dairy milk and far cheaper than cream.

I found out that one bright tin of Every Day Milk had in it all the cream, all the butter-fat, all the nourishment, of over a quart of rich milk. Only most of the water had been taken out, making it richer and creamier—nothing had been added.

Your children will grow strong on it—the family will want it in coffee—or on cereals—it is perfect for cooking—always handy—always fresh—always economical—always the same delicious cream-like flavor—"every day."

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.

"NOTHING BUT THE FOURTEEN POINTS,"
IS THE CRY AT GERMAN MASSMEETING

That they would accept no peace not based on President Wilson's fourteen points was the cry throughout Germany up to the time the German delegates actually signed the treaty. The photo shows a Berlin crowd listening to speech-making in this vein at the base of a monument commemorating the victory of 1871. The banner on the monument reads: "Only the 14 points."

ARRESTS DROP WITH CESSTATION OF BOOZE SALES

The workings of Prohibition can readily be seen in such an arid place as this city which has been dry for many years.

The records at the Mayor's office show that during the month of June 1918, there were seven arrests directly traceable to liquor. During the month of June 1918 there were 86 arrests but one arrest that could be traced to intoxicants and this one came near

being in July, having been made on the 28th.

Even more striking is the report given out at Chillicothe, which was directly affected by the state law. This report states that during the month of June 1918 there were 86 arrests caused by liquor while but one arrest was made in June this year that could be attributed to the wet goods.

The total number of arrests is also on the decrease.

In Washington when saloons were here, a half hundred arrests monthly for intoxication was not uncommon.

LOCAL CANNERY TO PACK BERRIES

The Fayette County Canning Company is placing everything in readiness to pack blackberries, beginning about the middle of the coming week and continuing until the crop is picked and packed.

Virtually all of the berries packed by the firm will be from the hill counties of southern Ohio, where the concern now has representatives arranging for purchasing thousands of bushels of blackberries direct from the pickers, and transporting them to this city by train or truck, or both.

RELIEF OFFERED SCHOOL DISTRICTS REQUIRING FUNDS

School districts in Fayette county or in fact in any other county in Ohio which are financially embarrassed now have an opportunity of obtaining relief under Senate Bill No. 187 which provides the board of education of such school district may adopt resolution for an additional levy of not to exceed two percent above all present limitations, and that such question of additional levy for school purposes may be voted upon by the electorate of the said school district on August 12th.

It is noted in the law that all such resolutions for an election must be certified over to the Board of Deputy State Supervisors of Elections at least ten days prior to August 12th, so that ballots may be prepared and the election announced.

School districts holding such election must be short of funds to carry on the work as it should be done before they can hold such election.

In Fayette county there are two, possibly three school districts which come under this class, it is understood, and they are Washington and Green and Marion townships. However to date no action has been taken by either of the three boards.

M. E. CENTENARY IS NEARING END EXPENSES GREAT

Sunday is Last Day of Greatest Religious Exposition Ever Attempted.

Expense So Far is \$750,000

Columbus, O., July 12.—As yet we have made no definite statement of our receipts or expenditures. We have had no definite way of checking up our receipts from attendance during the exposition. I have no doubt, however, that when our final report is made, we will be on the right side of the ledger.

This was the statement made yesterday by George M. Fowles, treasurer of the Centenary commission.

Both Fowles and Dr. S. Earl Taylor, director general of the centenary, declared receipts from attendance would by no means cover the cost of putting on the exposition. Each of them estimated that the exposition cost \$1,000,000.

It was learned that cash receipts at the celebration, including both gate and coliseum admissions, have not exceeded \$300,000. At the same time, it was said, more than \$750,000 actually has been paid out.

Dr. Fowles declared that the sale of various properties connected with the celebration, and the royalties on the motion picture rights, etc., would more than cover the apparent deficit. "The Centenary has been a glorious success regardless of financial standing," declared Dr. Taylor. "It was started as a part of a conservation movement. It was not given to make money."

Dr. Fowles declared that the results have been practically as expected. In some cases, he said, they have far exceeded anticipations.

The \$50,000 pipe organ was sold yesterday to Evansville, Ind., for \$30,000 and will be sent there early next week. Macon, Ga., was a close bidder, may buy the echo section.

"If Macon does not buy the echo the Centenary organization will hold it," declared Dr. Fowles, who is in charge of its disposal.

PROSPERITY SHOWN BY LATE REPORT

(By Associated Press.)
 Columbus, Ohio, July 12.—Prosperity is said to be indicated by the report of receipts of the office of Secretary of State for the first six months of 1919.

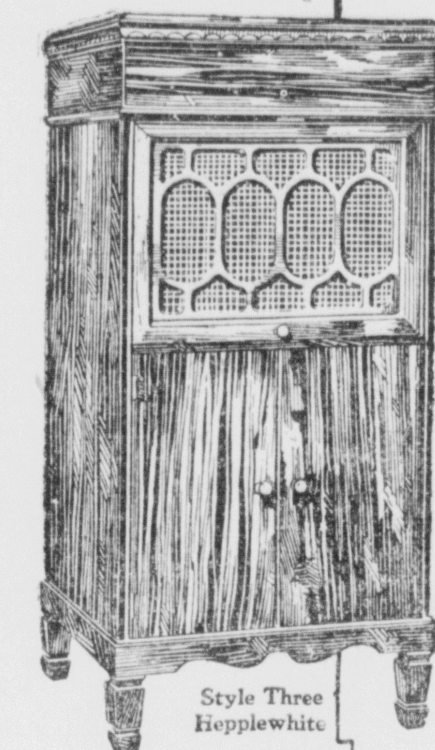

An increase of \$47,878 over the preceding six months is shown in moneys collected to June 30th. Articles of incorporation were 620 in excess of the last half of 1918 and miscellaneous instruments filed also showed an increase of 1755.

Before the price of coffee goes any higher can't the United States assume a mandatory over Mocha and Java?

The Cheney Acoustical Throat

Style Three Hepplewhite

The Throat of the Cheney
Where It Gathers Tones Like a Living Voice

THE art of tone reproduction has reached new heights in this remarkable invention of Forest Cheney, embodied only in Cheney Phonographs.

Just as sounds are gathered and controlled in a living throat, so sound vibrations are controlled in the acoustical throat of the Cheney.

The CHENEY PHONOGRAPH

This exclusive Cheney invention keeps every instrument in an orchestra record in proper balance—tones are reflected perfectly without possibility of distortion.

No other phonograph can duplicate the serene purity or the richness of Cheney tones—the Cheney method is covered by basic patents.

Cheney period cabinets, following the finest traditions of Old English furniture design, harmonize in every environment.
